~Please continue on next page for online information~

Adapting to Online Format - 2021

Please use the following check list as part of your registration form. We want to make sure that we are maintaining our standards of interactive hands-on training, and that will require some additional preparation on your part. We are making many adaptations here to keep our training personally meaningful and to honor the depth of work that is activated when our child and adult patients begin using images in their healing process.

NAME: _____

Please check each of these if completed:

- I have reserved my training space by making sure there is an online space available on the dates I am requesting. Email: sandtray@comcast.net Telephone: 505-720-1177
- I have read the [Equipment Requirements](#), and I am able to meet all the criteria for a setup at my location. Please request list at sandtray@comcast.net if you need the list.
- I am willing to reserve the date listed on the schedule as a “make-up” day in the unlikely event that internet transmission fails at the host site during the normal hours of the training.
- I agree by my signature to keep confidential any case material or any processing of my colleagues during online training: _____ (please sign; I understand that when I type my name it is a substitute for my signature on this form).
- I will delete any photographic or text information that is shared with me by colleagues during the interactive processing that we will be doing in this online training (unless I explicitly asked and received permission from one of my colleagues).
- Telephone number I am willing to share on group contact list: _____
- Email I am willing to share on group contact list: _____
- I agree not to use contact information of other participants for commercial use before, during or after the workshop.
- City and State where you live: _____ (for contact list).

Special Query:

I am affiliated with the APT (Association for Play Therapy), and I would like to take the required quiz to qualify for online “contact hours” on my certificate (policy pending after June 30, 2021).

- YES
- NO

NOTE: We are delaying any “live” classroom scheduling until there is a vaccine and/or a good treatment for COVID-19. We truly regret disappointing participants who were counting on the “live” interactions that we enjoy so much here in Corrales when we come together for training. So far, we have received positive feedback for the online workshops (including the online partnering) that we have completed since May 2020. We are staying open to creative solutions. Our intention is to continue offering online training as a regular part of our training even after a good vaccine is available so that we will have both online and in-person training available.
