

Program Title (Core In-Person)

Sandtray Play Therapy: Level 8 – Developmental Considerations with Children (Early Childhood & Latency)

In-Person Interactive

Description

Participants will explore in this 2-day training how early childhood and latency patterns of sandtray play appear not only in the very young but also in latency-age children and even adults. There will be experiential exercises, brief lectures, and discussion to help participants learn how to identify and support the growing edge of young children, older children, and adults when these early patterns emerge at their growing edges. It also provides a focus for how sandtray play therapy collaborates with the brain in its push toward integration throughout the lifespan. Participants will have opportunities to identify and discuss these patterns of play therapy in terms of the developmental life span.

Continuing Education Credits

In this 2-day training participants will earn 12 CE contact hours (see APT exception) verified with a Certificate of Training. Following is a list of organizations that have approved our training for continuing education requirements.

The Sand Tray Training Institute of New Mexico is approved by the following to offer continuing education credits: The National Board for Certified Counselors, NBCC (#5972); the **Texas State Board of Social Work Examiners** (#CS5455). The **New Mexico Board of Social Work Examiners** accepts continuing education as being Board approved if approved by other state social work boards in the United States (The Institute is approved by Texas). In addition, it is approved by the **Association for Play Therapy**, APT Approved Provider (99-052), to offer continuing education specific to play therapy. The Sand Tray Training Institute of New Mexico follows all CE guidelines and maintains responsibility for the program. All courses meet the qualifications for 6 contact hours of continuing education credit per 1 full day of training.

The APT offers a Registered Play Therapy (RPT) credential that has its own set of specific requirements. Although we are an approved provider, we do not organize our curriculum around those specific requirements, for example, so many hours in play therapy history, theory, skill practice, and so on. We cannot verify how the APT counts these hours in their credentialing. Please check with your supervisor and/or the APT to check with them how they would interpret our objectives and descriptions in terms of the specifics required.

Co-Sponsor Changes for Psychologists: We want to sincerely thank Risë VanFleet for being our co-sponsor for many years to cover CEs for psychologists. Recently she informed us that she will be focusing her work on her Filial Therapy and Animal Assisted Play Therapy®, and in so doing, she will no longer continue offering co-sponsorships. I have taken one of her Filial Therapy classes and read her book, *Animal Assisted Play Therapy*. I can enthusiastically recommend both, and I believe her work in both areas has contributed greatly to the field of play therapy. I wish her well in all her future endeavors. Thank you, Risë.

Searching for a Co-Sponsor: We will welcome any suggestions if you know someone who would be willing to co-sponsor our trainings for psychologists. Please contact us.
