

## Program Title (Core In-Person)

# **Sandtray Play Therapy: Level 9 – Developmental Considerations with Adolescents and Adults**

## **In-Person**

### **Description**

Using both didactic and hands-on experiences, participants in this 2-day workshop will explore the impact of play therapy on both the emotional and physical health of adolescents and adults. We will draw from the polyvagal theory of play and the template of the hero's journey to explore themes that often arise during sandtray play therapy. Participants will have opportunities to look through a developmental lens at play as it emerges in the sandtray.
